## **2.0 NON BINDING - DEMAND INDICATION REQUIREMENTS**

2.1 For submitting non-binding demand indications for incremental capacity according to the process described in the CAM Code, please provide the following information:

- 1) The adjacent entry-exit systems between which your company expresses demand for incremental capacity.
- 2) Your company's incremental capacity demand per gas year(s) between the adjacent entry-exit systems (one row = one amount of requested capacity).
- 3) Any demand indications which have been or will also be submitted to other transmission system operators, in case such indications are linked to your indication here.
- 4) Whether the demand expressed is subject to any of the following conditions:-
  - Demand is linked to demand at other IP's
  - Demand is linked to demand expressed across a number of gas years.
  - Demand is linked to minimum of specific acceptable quantity.

Please fill in all information requested under the points (1) to (4) in the table below:-
