Gas Operational Data Help Text
Glossary of Acronyms Featured in the Help Texts

A
- ACER – Agency for the Cooperation of Energy Regulators
- ANS - The Active Notification System
- ASEP – Aggregate System Entry Point
- AQ – Annual Quantity

C
- CSEP – Connected System Entry Point
- CV – Calorific Value
- CWV - Composite Weather Variable

D
- D - The Gas Day
- DAI – Day Ahead Interruptible
- DECC – Department of Energy and Climate Change
- DNO – Distribution Network Operator
- DFN - Daily Flow Notification(s)
- DFO - Delivery Facility Operator(s)
- DMC - Daily Metered Consumer(s)
- DN – Distribution Network

E
- EBI – Energy Balancing Invoice
- ECQ – Emergency Curtailment Quantity
- ENTSOG – European Network of Transmission System Operators for Gas
- EOD - End of Day

F
- FCF – Firm Curtailment Factor

G
- GDW - Gas Deficit Warning
- GT – Gas Transporter

H
- HAP - Highest Accepted Price

I
- ICF – Interruptible Curtailment Factor
- IECR - Incremental Entry Capacity Release Methodology Statement

K
- Kwh – Kilowatt hour

L
- LAP – Lowest Accepted Price
- LDZ – Local Distribution Zone

- LNG – Liquefied natural gas
- LRS – Long Range Storage

M

- MCM – Million Cubic Meters
- MN – Margins Notice
- MRS – Medium Range Storage
- MSEC - Monthly System Entry Capacity

N

- NBP – National Balancing Point
- NDM - Non-Daily Metered
- NSL - Network Sensitive Load
- NTS - National Transmission System

O

- OCM – On the Day Commodity Market
- OTC – Over the Counter
- OUG -Own Use Gas
- OPN – Offtake Profile Nominations

P

- PCLP - Projected Closing Linepack
- PRI Charge - Physical Re-nomination Incentive Charge

Q

- QSEC - Quarterly System Entry Capacity

R

- RMSEC - Remaining Monthly System Entry Capacity

S

- SAP – System Average Price
- SCCA - Storage Curtailment Compensation Arrangements
- SF - Scaling Factor
- SFN – Storage Flow Notification
- SMP – System Marginal Price
- SND - Seasonal Normal Demand
- SO – System Operations
- SOQ – Supply Offtake Quantity
- SRS – Short Range Storage

U

- UAG – Unaccounted for Gas
- UNC – Uniform Network Code

V

- VLDMC – Very Large Daily Metered Consumer

W

- WAP – Weighted Average Price
- WCF - Weather Correction Factor
