

The Statement of Gas Connection Charging Annual Review

3rd January 2023

Richard Hounslea

Gas Connections Contracts Manager

nationalgrid

Connection Charging Statement – Annual Review

- Standard Condition 4B of National Grid's Gas Transporter Licence requires us to conduct a review of NTS Connection Charges at least once per year.
- The last review was carried out in early 2022 and the revised Connection Charging Statement published on 8th March 2023.
- The proposed scope of this year's review is explained in this presentation as well as the expected timeline.

Connection Charging Statement Annual Review – Proposed Scope

- **PARCA/CAM Incremental Application Fees**
 - Annual review to identify any required changes
- **Connection Application Fees**
 - Annual review to identify any required changes
- **Other updates**
 - Specific to Hydrogen
 - Minor Modifications
 - Formatting and consistency changes.
