

7th February 2022

Notice of Implementation – Statement of Gas Transmission Connection Charges – Effective 8th March 2022

Following review of NTS Connection Application Fees and industry consultation which closed on 4th February 2022 , we can confirm that no responses were received.

National Grid hereby gives notice to implement the changes consulted upon to the Statement of Gas Transmission Connection Charges with effect from 8th March 2022.

The revised Statement of Gas Transmission Connection Charges (Rev 12) includes the following changes.

- Indicative Connection Charges and Examples – includes potential costs savings with regards to Remotely Operable Valves / Remote Telemetry Units, and 4G installations.
- Formatting and consistency changes.

Revision 12 of the Statement of Gas Transmission Connection Charges will be available on the National Grid website at:

<https://www.nationalgridgas.com/connections/applying-connection>
