

6th February 2023

Notice of Implementation – Statement of Gas Transmission Connection Charges – Effective 7th March 2023

Following review of NTS Connection Application Fees and industry consultation which closed on 4th February 2022 , we can confirm that no responses were received.

National Gas Transmission hereby gives notice to implement the changes consulted upon to the Statement of Gas Transmission Connection Charges with effect from 7th March 2022.

The revised Statement of Gas Transmission Connection Charges (Rev 13) includes the following;

- Addition of a ‘Specific to Hydrogen’ section for those parties considering a Hydrogen connection.
- Changes to highlight other works that could be included in the Minor Modifications category.
- Formatting and consistency changes.

Revision 13 of the Statement of Gas Transmission Connection Charges will be available on the National Gas website at:

<https://www.nationalgas.com/connections/document-library>
