NTS GCM 12: Retrospective Negative TO Entry Commodity Charge and Separate Management of K July 2008

Dear Eddie,

We welcome the opportunity to comment on the issues raised in this discussion paper. This response is provided on behalf of the RWE group of companies, including RWE Npower plc and RWE Supply and Trading GmbH.

We support the proposals put forward in GCM12. The introduction of a mechanism to manage separately entry K and exit K appropriately addresses Ofgem's concern about non-symmetric treatment of over and under recovery.

We hope these views are helpful and if you wish to discuss them further please contact Steve Rose on 01793 892068 or myself on 01793 893983.

Yours sincerely,

By Email so unsigned
