Dear Eddie,

ExxonMobil Gas Marketing Europe Ltd (EMGME) welcomes the opportunity to respond to the modification proposal to the Gas Transmission Transportation Charging Methodology; GCM 15. EMGME does not support the implementation of the UNC Mod 0246 that this charging proposal is designed to facilitate. In view of the fact that we do not support Mod 0246, we do not support GCM 15. Please don't hesitate to contact me if you have any questions regarding this response.

Yours sincerely
