Further to the National Grid connection quotation dated accepted on
 I confirm on behalf of my company that we now wish to undertake the Final Connection works at the above site, and that will be undertaking the works subject to the terms and conditions of the UIP/GT Connection, Service Disconnection and Service Alteration Agreement entered into between National Grid and the Customer. In addition, I acknowledge that the carrying out of the proposed Connection will be subject to

- i. the submission to and approval by National Grid of a full final connection design submission,
- ii. the issue by National Grid of an Authorisation,
- iii. the submission to and approval by National Grid of a Routine or Non Routine Procedure (if applicable) under National Grid's Safe Control of Operations procedures,
- iv. any express variations or amendments in the Authorisation (as the case may be).

Site Contact:

Accordingly, we propose that the contract between us (formed by the National Grid connection quotation and our acceptance, both as referred to above) shall be amended such that the connection works will not be performed by National Grid, but will instead be performed by us or our contractor, and that the Contract Sum is reduced to zero.
