Subject: NG Open Letter on Implementation of CAM

Dear Chris,

Eni Trading & Shipping SpA welcomes National Grid's decision to select PRISMA as their preferred choice of Joint Capacity Booking Platform in preparation for implementation of the CAM requirement to sell cross-border capacity on a bundled basis. It seems natural that NG will join PRISMA considering that most European TSOs are already PRISMA shareholders and that NG interconnected TSO neighbors: IUK, BBL and Gaslink are also considering joining the PRISMA platform.

Kind Regards,

Anna Shrigley
