3 TRANSPORTATION MODEL .....	5
4 CONTACT DETAILS .....	5
5 NODAL NTS DEMAND AND SUPPLY FORECASTS .....	6

## 1 Introduction

The content of this publication has been provided in good faith in accordance with Section O paragraph 4.1.2 of the Uniform Network Code following the Notice of Implementation Modification Proposal 0134V "Publication of Nodal NTS Demand Forecasts". The demand and supply data in this notice mirrors the data contained in the latest Transportation model used to set entry and exit capacity prices which will apply from 1<sup>st</sup> October 2008 and indicative exit capacity prices from 1<sup>st</sup> October 2009 and 1<sup>st</sup> October 2010. The supply and demand data is based on data taken from National Grid's current TBE process.

Users may use the data to make more informed decisions about where and to what degree they use the NTS. This is done at their own risk.

For further information relating to this document, please contact our UK Transmission Charging team on **01926 654633** or e-mail to [charging.enquiries@uk.ngrid.com](mailto:charging.enquiries@uk.ngrid.com).

This document does not override or vary any of the statutory, licence or Uniform Network Code obligations upon National Grid NTS.

Please note that the information in section 5 will be updated and republished every time entry and exit capacity prices are updated, which will be in line with our licence or Uniform Network Code obligations. Please do not assume that the data in this publication will remain fixed for a full calendar year.

The information contained in section 5 can also be found in an excel spreadsheet format at the following link <http://www.nationalgrid.com/uk/Gas/Charges/Tools/>

Details of National Grid and its activities can be found on the National Grid Internet site at [www.nationalgrid.com](http://www.nationalgrid.com). An electronic version of this publication, along with **The Statement of the Gas Transmission Transportation Charging Methodology** can also be found on our web site.

## 2 Prices Summary

Table 1 summarises the network and supply/demand years modelled for calculation of NTS Exit Capacity charges and the NTS Entry Capacity Baseline Reserve Prices for capacity available from 1<sup>st</sup> October 2008.

**Table 1**

Auction/Charge	Date Held/Applicability	Gas Day – Capacity Allocation		Data Modelled		
		From	To	08/09	09/10	10/11
QSEC	September 2008 *	1 Apr 10	30 Sep 10			✓
		1 Oct 10	30 Sep 24			✓
		1 Oct 24	31 Mar 25			✓
RMSTTEC	Sep 2008 to Aug 2009	1 Oct 08	30 Sep 09	✓		
DSEC (Day Ahead)	30 <sup>th</sup> Sep 2008 to 29 <sup>th</sup> Sep 2009	1 Oct 08	30 Sep 09	✓		
DSEC (Within Day)	1 <sup>st</sup> Oct 2008 to 30 <sup>th</sup> Sep 2009	1 Oct 08	30 Sep 09	✓		
MSEC	February 2009 *	1 Apr 09	30 Sep 09	✓		
		1 Oct 09	30 Sep 10		✓	
		1 Oct 10	31 Mar 11			✓
Exit	From October 2008	-	-	✓		
Exit Indicative	From October 2009	-	-		✓	
	From October 2010	-	-			✓

\* Usual auction dates, but are subject to change. Notices relating to NTS auction dates can be found on the Joint Office of Gas Transporters website at <http://www.gasgovernance.com/Publications/NTSAuc/>

### **3 Transportation Model**

The Transportation Model has been developed by National Grid to enable transparency of its Gas Charging Methodology in respect of the GB National Transmission System (NTS) and is provided to users on this understanding.

Separate Transportation Models can be provided for each of the 3 years modelled.

While the model is available free of charge, it is provided under licence to restrict, among other things, its distribution and commercial use. A copy of the software licence agreement is available on our website at: <http://www.nationalgrid.com/uk/Gas/Charges/Tools/>

Users wishing to obtain the licence are asked to return a hard copy of the licence agreement, signed on behalf of their organisation, by post to our charging team at the address below.

Once the signed licence agreement has been received, we will email a copy of the Transportation Model spreadsheet and some guidance notes. Please also note that the model is provided solely for the purpose of estimating capacity charges in respect of the NTS, and is not intended for any other purpose.

### **4 Contact Details**

Signed copies of the software licence agreement may be returned by post to:

Damian Clough, Charging and Revenue, National Grid, National Grid House, Warwick Technology Park, Gallows Hill, Warwick, Warwickshire CV34 6DA

Please remember to include your contact details and e-mail address when returning the agreement.
