

Domestic Service Alteration Quick Checklist

For you to capture your answers before you apply

Step	Question	Available answers with explanations			
1.	Your Own Reference number (Optional)	This will appear on all our correspondences to you for this application and is for your use only.			
2.	Property Type	Select your Property type e.g. flat, semi detached etc. from the drop down list.			
3.	Property Ownership Details	This is who you are in respect to the ownership of the property requiring work.			
		Owner of property	Occupier or Tenant	Business or other Organisation	
4.	Please enter name of consumer	'The consumer' refers to the person occupying the property using the gas			
5.	Please select the existing meter size	No Meter onsite <i>(You do have a live service pipe you need to amend but no meter)</i>	Standard Property U6 <i>(Most domestic properties)</i>	Large Property U16 <i>(large hourly gas use e.g. heated swimming pool)</i>	Very Large Property U25 <i>(Incredibly large hourly gas use. Very rarely required)</i>
6.	Please select existing meter box	Semi Concealed in ground box (U6 only)	Surface mounted wall box (U6 only)	Built-in, recessed in wall (U6 only)	
		Wall mounted protruding kiosk (U16 only)	Free standing kiosk (U6 or U25 only)	No box required (if inside or in your own enclosure)	
7.	Please select new meter size	Standard Property U6 <i>(Most domestic properties)</i>	Large Property U16 <i>(large hourly gas use e.g. heated swimming pool)</i>	Very Large Property U25 <i>(Incredibly large hourly gas use. Very rarely required)</i>	
8.	Please select a new meter box	Semi Concealed in ground box (U6 only)	Surface mounted wall box (U6 only)	Built-in, recessed in wall (U6 only)	
		Wall mounted protruding kiosk (U16 only)	Free standing kiosk (U6 or U25 only)	No box required (if inside or you are building/providing your own enclosure)	
9.	Please select the length of new pipe required	How much new yellow service pipe do you require from where the meter position is to where you want it to be, select which band applies (to the nearest full metre e.g. – a 2.5 metre move should require 2-10m of new pipe).			
		0m, move to other side of wall		0m, change in gas usage	
		0-2m	2-10m	10-20m	
10.	Who will reattach meter & pipes?	If you select ' National Grid Gas ' - we will reattach the meter and reconnect your existing installation up to the length of your alteration band, (E.g. 0-2m reconnect up to 2m of internal pipe). If you select ' My 'Gas Safe' engineer ' - you must arrange a Gas Safe Registered engineer with meter qualifications to reattach your meter in the new position and reconnect your appliances back to the meter.			
		National Grid Gas	My 'Gas Safe' engineer		
11.	Please name any secondary contacts	Additional person(s) with whom we can discuss the works with on your behalf			

If you need help call **0870 903 9999** option 2 (charged at local rate when rang from a landline, mobiles may differ) from 08.00 – 18.00 Mon-Fri, or email gasconnections@asknationalgrid.com
