

Quotation Charges

Non Domestic/Standard Service Alteration and New Service Quotation Charges

To provide you a quotation, your request is subject to a non-refundable Quotation Charge. The Quotation charge includes;

- An operative visiting the site location with or without contact with the nominated site contact as is deemed necessary by National Grid.
- The calculation of the pipe size required for the given load and service length.
- The production of a cost to install the mains and or service pipe to the property that will be presented in the form of a quotation.
- The quotation will be provided in line with the timescales published in National Grid's Connections Business Rules.
- The cost of the specific Network Analysis for the quotation Band 3

Non-Standard New Service Criteria	Band	Quotation Charge (Excl. VAT)**
<ul style="list-style-type: none"> • Any non-standard domestic new connection where the load does not exceed 695kW; • Any non-domestic new connection where the load does not exceed 695kW; • Single connection only; • Pipes to be laid on private land does not exceed 40m; • Neighbour has a gas supply and is within standard distances*; • Property is no more than 23m across public land from a National Grid relevant mains gas pipe; • Meter location is more than 3m above ground level or above first floor; 	1	£277
<ul style="list-style-type: none"> • Any non-domestic new connection where the load is greater than 696kW but does not exceed 1733kW; • Single or multiple connections; • Domestic new connection above standard distances* where the load does not exceed 1733kW; • Where connection requires pipework exceeding standard distances; 	2	£400
As per band 2 but where load exceeds 1733kW	3	£553
<p>* Standard distances are where the pipe to be laid is less than 23 metres on public land and less than 40 metres on private.</p> <p>** Excluding VAT. Effective from 1 April 2009.</p>
