

# National Grid Website Update

# nationalgrid.com

---

- On 1<sup>st</sup> November 2013, National Grid's new website went live.
- Intention to deliver a better customer experience through:
  - Better navigation
  - New content
- Smooth transition planned through:
  - Bookmarks will not change – auto redirect
  - Google will find...
  - Delivery of our market information on **MIPI** will be unaffected.
    - The navigation menus on MIPI are unchanged.
    - API's will continue to work
