

**CAPACITY ALLOCATION MECHANISM (CAM)**  
**MARKET DEMAND ASSESSMENT**  
**FOR**  
**INCREMENTAL CAPACITY AT INTERCONNECTION POINTS**

**5<sup>th</sup> September 2019**

Dear Industry Colleague,

In accordance with UNC European Interconnection Document (EID) section E 2.1.1.1 (Biennial Process), interested parties were invited to submit demand indications for Interconnection Points to National Grid NTS for a window period of 8 weeks, starting from 1<sup>st</sup> July 2019.

The CAM Incremental Capacity window for demand indications at Interconnector Points closed on 26th August 2019. National Grid received no responses to the consultation and therefore no Demand Indications. We will be producing Market Demand Assessment Reports jointly with each IP operator and will publish these on our website by the deadline of 21st October 2019.

If you have any questions concerning the above, please contact Nicola Lond using the details below.
