Description
<p>The third Stakeholder Group meeting began with a welcome from the Chair, Trisha McAuley. The members then discussed the latest information and interactions with the various RIIO 2 groups including the sector specific working groups and the Ofgem Challenge Group.</p> <p>The Stakeholder Group developed their thinking on the Challenge Log and the need for a framework to structure their final report.</p> <p>The Stakeholder Group then considered the positive aspects and the limitations associated National Grid engagement approach on two topics presented – Information Provision and Future Balancing and Capacity Services. The Stakeholder Group also debated any proposals to overcome the limitations identified and agreed a number of challenges in each area to be added to the Challenge Log.</p> <p>In the final session, the Stakeholder Group discussed the options for stakeholder engagement on the topic of External Threats and agreed the approach National Grid should follow.</p>
